### **MAWSS Announces Enhanced Features for Online Bill Payers**

Mobile Area Water and Sewer System (MAWSS) is offering exciting enhancements to its Online Bill Pay Service that will make viewing and paying bills online easier for customers.

In addition to a new look, the page offers additional features that allow customers to check their balance, file and retrieve past bills, pay in real time or schedule payments, set up automatic draft payments, get SMS text or email reminders or pay by text and receive SMS text or email receipts. New security features will make paying a MAWSS bill easy, convenient and secure anytime day or night.

Customers already enrolled in Online Bill Pay can start using the features immediately. MAWSS eBill service is free, convenient, secure and paperless.

Customers also have the option of making a one-time payment with a bank draft or credit card using EZ-Pay, also accessible through the Online Bill Pay. A \$2.95 convenience fee will apply.

MAWSS plans to have an app available to download in 2014 that will allow customers to pay from their Android or iPhone device.

To get started, create an eBill profile by visiting [www.mawss.com](http://www.mawss.com).
