Segment of Sage Ave. Closed for Sewer Repair

Crews from Mobile Area Water & Sewer System (MAWSS) are repairing an 18-inch sewer line on Sage Ave. causing traffic to be rerouted between Old Shell Rd. and Dauphin St. MAWSS crews discovered a problem during routine cleaning and maintenance of the sewer main that prompted the emergency repair. A video camera used to view the sewer line saw water and soil entering the line, indicating a break. Crews found a large void under the concrete when they opened the road for repairs.
