**Sanitary Sewer Overflows Due to Lift Station Failure**

1910 Kentwood Ln.

2062 Forest Ln.

2020 Bakers Ln.

Mobile Area Water & Sewer System (MAWSS) responded to sanitary sewer overflows on April 3, at the above locations. Approximately 407,400 gallons of wastewater overflowed into Dog River as a result of a lift station failure. MAWSS crews have made repairs and are taking further steps to prevent future overflows at the listed locations.
