

Mobile Area Water & Sewer System (MAWSS)

News Advisory

Release date: May 7, 2012

SCAM WARNING

Mobile Area Water & Sewer System (MAWSS) is warning customers of a scam involving the use of false account numbers to pay bills. Customers are being told that BP has a fund that will pay utility bills. They are given a non-existent federal reserve account number to use. This account number will not pay a MAWSS account. In addition, anyone who attempts to use the false account number will be charged a \$35 penalty fee in addition to the balance already owed.
