MAWSS Inducts Eight into Employee Hall of Fame

Mobile Area Water & Sewer System (MAWSS) inducted eight retirees into the Employee Hall of Fame, March 6, at MAWSS Park Forest Plaza. The program recognizes and honors past employees for their dedicated service while encouraging current employees to continue in their footsteps.

This year's inductees began their careers with MAWSS in 1970 or later and represent a total of 234 years of public service. From left to right are Sara Howard representing the late Claudia Rand, Joe Pitt, Jr., Charles Westover, Jr., Mark Lowery, Robbie Hannah, Beverly Lucas and Michael Johnson. John Connelly, Sr., was not able to attend. His son, Mike, a current MAWSS employee, accepted the award but was not available for the photo.

The honorees' names will be added to the Hall of Fame plaque displayed in the Park Forest Plaza Operations Center.
