## MAWSS Announces November Hydrant Flushing Schedule

Mobile Area Water & Sewer System (MAWSS) will be flushing fire hydrants in select neighborhoods of Mobile during the month of November. Flushing is a maintenance activity that involves opening the hydrants and allowing water to flow freely for a short period of time. Flushing helps maintain water quality by cleaning out sediment and other particulates that accumulate normally in the water mains. As a result of the flushing, water may appear milky or have some temporary discoloration. Allow water to run a few minutes to clear before using. Avoid doing laundry as staining can occur.

Locations scheduled to be flushed in November include Brookley Field, Dauphin Island Pkwy., Morning Side, Crestview, Venetia Rd. area, Dauphin Island Pkwy. S. of I-10 and Riverside Dr.

Signs announcing the week and day of flushing will be posted in neighborhoods affected. A monthly schedule of flushing sites can be found at [www.mawss.com](http://www.mawss.com) under "What's New at MAWSS" or call 694-3165 for more information.
