MAWSS Announces December Hydrant Flushing Schedule

Mobile Area Water & Sewer System (MAWSS) will be flushing fire hydrants in west Mobile during the month of December. Flushing is a maintenance activity that involves opening the hydrants and allowing water to flow freely for a short period of time. Flushing helps maintain water quality by cleaning out sediment and other particulates that accumulate normally in the water mains. As a result of the flushing, water may appear milky or have some temporary discoloration. Allow water to run a few minutes to clear before using. Avoid doing laundry as staining can occur.

Locations scheduled to be flushed in December include Moffett Rd. at Shelton Beach Rd., Overlook Rd. at Deerwood Dr., Forest Hill at Zeigler Blvd., Old Shell Rd. at Border Dr. E., Old Shell Rd. and Dauphin St. area, Wolf Ridge Rd. and Moffett Rd., Springhill Ave. and Old Shell Rd. area, Airport Blvd. at Bit & Spur Rd., Michael Blvd. and Azalea Service Rd., University Service Rd. and Regency Subdivision.

Signs announcing the week and day of flushing will be posted in neighborhoods affected. A monthly schedule of flushing sites can be found at www.mawss.com under “What’s New at MAWSS” or call 694-3165 for more information.
