MAWSS and CH2M to Begin Mentor-Protégé Program

Mobile Area Water and Sewer System (MAWSS) and CH2M are starting a Mentor-Protégé program for diverse suppliers who wish to do business with MAWSS. Specifically, the program is looking for engineering firms including those with architectural and environmental focus, GIS providers and construction contractors. An orientation meeting will be held Wednesday August 30, at 6 p.m. at MAWSS Park Forest Plaza, 4725 Moffett Rd.

Protégés will receive business development assistance from current MAWSS consultants to improve their ability to successfully compete for contracts. In some cases, they will enter into joint-venture arrangements with mentors to compete for, and perform on MAWSS contracts.

For more information about the program, contact Felicia Thomas, supplier diversity program manager at MAWSS at ftomas@mawss.com or (251) 694-3194 or Scott Todd at CH2M, scott.todd@ch2m.com or (251) 610-9118.
