MAWSS to Move Catherine St. Payment Center to Springhill Ave.

Mobile Area Water & Sewer System (MAWSS) is moving its Catherine St. Payment Center to 1060 Springhill Ave. and will begin serving customers at the new location Monday, September 28. In preparation for the move, the lobby at 207 N. Catherine St. will close at noon on Friday, September 25. The drive up window will remain open until 4:30 p.m. on Friday.

The Thomas M. Tyrrell Payment Center is named in memory of MAWSS' former Vice Chair "Tommy" Tyrrell who passed away in March. Tyrrell had served on the MAWSS Board since August 2011, much of that time as Chair of the Finance Committee. He is remembered for his efforts to help MAWSS and the Mobile area grow through responsible business development.

The Payment Center is the last department to move from MAWSS' Catherine St. property. All other departments moved to MAWSS Park Forest Plaza at 4725 Moffett Rd. this summer. MAWSS has systematically been moving its operations to the Moffett Rd. area which is centrally located to its customer base but felt it was important to maintain a presence in the downtown area.

"Our customers told us they wanted our new Payment Center to be located in the same neighborhood so they could pay their bills and conduct business in person," said MAWSS Public Affairs Manager Barbara Shaw. "We want them to know their suggestions aren't just welcomed, they're put into practice."

Customers can also pay online, by phone and through a new mobile app. For more information, visit www.mawss.com.
