Addendum #2 - IFB 24-011 Easement Herbicide Treatment

Prospective Bidders:

The above solicitation is amended as set forth below; bidders **MUST** acknowledge receipt of this addendum. **Please sign & return this form with your sealed bid.**

Please review the following changes/updates:

- 1. Page 11-12 – Proposal, Item I. & II.

Add 2 Items: Line 7 – 40,000 Feet - Eight Mile Area

Line 8 – 57,000 Feet - Force Main

Note: Proposal, Item III. - the glyphosate application only targets the grass and no woody vegetation, and if a kill all mix is specified for this area it would kill the hardwood trees along the easements.

The selective woody herbicides used in Proposal, Item I. & Item II. control the growth and encroachment of sidewall limbs without killing the entire tree.

Revised Proposal pages 11-14 attached.

Sealed bids are due by 10:30 am on April 15, 2024.

Notes:

1. The Quantities listed in this proposal are for determining the low bidder and in no way represent the quantities for this annual contract. If the unit price bid is considered high by the Owner, the Owner may use other forces to perform that item.
2. Contract will be awarded to the lowest responsible bidder meeting the specifications. The Board reserves the right not to award if the cost given is not in the best interest of the Board.
3. This contract is to enhance the Owner's forces and does not give the Contractor exclusive right to perform the work listed above.
4. The contract amount performed shall not exceed MAWSS budget for this work, which may be significantly less than Contract amount awarded.
5. All Bidders for Cogongrass Spraying must have experience in Forest Land application. Proof of experience will be required.
