FOR IMMEDIATE RELEASE

TRAFFIC DELAY ON CAUSEWAY

MOBILE, AL, June 1, 2022 – Mobile Area Water and Sewer System (MAWSS) has contractors working on a water project adding a temporary line at the Appalachia River near Battleship Parkway. The outside westbound lane will be closed from 9:00 am until 4:00 pm during the work week starting Thursday, June 2, 2022, until the temporary line is complete next Tuesday.

The area affected is about four feet into the emergency lane, which still gives drivers a six-foot shoulder. The permanent repair work could take more than a year.
