

Thank you for your request for an Irrigation/Pool Meter.

Please fill in all of the areas on the following page.

Prices on the following form are for the installation of meters only.

Any apparatus for consumption will be the responsibility of the customer to have installed.

If the water meter that serves your house is in a sidewalk, driveway, or near a tree, there will be an extra charge to move this meter, or to make your installation in another area. In either of these situations an additional charge will be incurred and a permit will need to be obtained to complete this request.

The current minimum monthly rate for water only:

5/8-inch meter is \$11.68 for 0 to 2,500 gallons of water.

1-inch meter is \$28.54 for 0 to 8,000 gallons of water.

Gallons' exceeding the minimum is \$2.95 per 1,000 gallons.

Once the form is received it may take as many as 10 to 15 working days for the installation to be completed. If a permit is required to complete your request an additional 10 working days may be needed to complete this process. During periods of high demand (April to August) the waiting period maybe longer.

You may fax, mail, or physically return this form for order processing. An alternative option to request this installation would be to apply on-line at WWW.MAWSS.COM under the heading of Start, Pay or Change My Account.

**MOBILE AREA WATER & SEWER SYSTEM
IRRIGATION/POOL METER APPLICATION**

Form – MC4703

DATE _____

PERMIT # _____

“Irrigation/Pool Service” is service exclusively used for the purposes of landscaping, yard irrigation, or filling swimming pools, providing that none of the water returns to the sanitary sewer system.

A **back-flow preventer** is required to protect the public water supply. The Board furnishes this device with the installation of all 5/8” and 1” irrigation meters. On larger meters, the requestor shall furnish and install a **back-flow preventer** meeting or exceeding **A.S.S.E. #1015**. Failure to install this device will initiate an interruption of service. Tampering with the device installed by MAWSS will result in an interruption of service and a penalty.

NOTE: *The Board does not guarantee that double-head irrigation/pool meters can be installed at all locations requested. If conditions in the field create an additional expense, the customer will be notified and given the option to pay the additional expense or terminate the project with all prepaid fees being refunded.*

Faucets, Hose bibs, sprinkler systems will be a separate installation made by the customer, plumbing contractor, or landscaping/irrigation professional.

There will be a monthly minimum after the meter has been installed.

Meter Size & Configuration Meter Cost + Backflow + Capacity Fee = Total

Make an X next to the configuration you would like to order.

<input type="checkbox"/> 5/8” double-head*	\$ 310.00	=	\$ 310.00
<input type="checkbox"/> 1” double-head*	\$ 420.00 +	\$700.00 =	\$1120.00
<input type="checkbox"/> 5/8” new tap	\$ 600.00 + \$ 50.00	=	\$ 650.00
<input type="checkbox"/> 1” new tap	\$ 650.00 + \$ 55.00 +	\$700.00 =	\$1405.00

1-1/2” 2” 3” 4” _____ installed at cost – backflow not provided

Prices are subject to change at any time

Total Cost \$ _____
